John worked with me the last few months and he was an absolute pleasure to work with. He always had something funny to tell us each day, he had a wealth of knowledge and skills to share, and he would tell us about his children with such pride and love. Work will never be the same without his presence there. While I am unable to make it to the funeral or visitation, please know you are all in my heart and I am extremely sorry for your loss. Sending prayers and my deepest condolences to you all.
