He made his home in Trenton, Michigan for thirty years, and was employed as a research engineer for the Ford Motor Company. About twenty-seven years ago, he retired and moved back to the Lebanon area.

Preston made his profession of faith and was saved at an early age.

He liked collecting things such as model cars and actual sports cars. He enjoyed raising cattle and liked living on the farm. His family was very important to him and he especially enjoyed having time with his grandchildren and great-grandchildren.

Preston was a loving father, grandfather, great-grandfather, brother, uncle, and was a caring neighbor and friend. We celebrate his life and his accomplishments and know that he will be fondly remembered and greatly missed by all those who knew and loved him.
