“ My friend I can think of nothing but life without you in it. You were/are a beacon of strength and a ray of light for many around you. In life you didn't always have it easy, but you persevered. Having this extra burden, only made you a stronger person. I will always Love you my friend. See you around

“ She was a great mom and always there when I needed her. She also had a great sense of humor. She was very caring and loved making blankets and hats for people. I miss her so much and just know she will be looking down on us kids. I love you so much mom.

“ Meeting Sharee for the first time in person. We both had been told for several years that Facebook friends weren't real, well we proved them wrong, She came to Calif. for a visit and I took her to the Pacific Ocean. By this time her legs didn't work very well but we made the walk down to the water so she could touch it. This was so much fun. I will miss her every day. I love this lady more then words can say. Rest well beautiful lady.
